

## EVS Tower Manufacturer Warranty

### EVS 25', 35', and 45' Models

Endzone Video Systems provides a **Limited Manufacturer Warranty** on its EVS Tower systems, covering defects in material and workmanship under normal use from the date of purchase (ship-date) by the original purchaser, for a period of **ten (10) years**.

This warranty applies **only to manufacturer defects** and does not cover damage resulting from external factors.

Where, in the judgment of Endzone Video Systems, the defect is a result of faulty workmanship or materials, the product or defective component will be repaired or replaced at no charge. At the discretion of Endzone Video Systems, warranty service may be fulfilled by providing replacement parts and/or technical support, including instructional materials or videos, to allow the purchaser to complete the repair. If required, the product or defective component may be returned for repair or replacement.

If the damage or defect is determined to be the result of negligence, misuse, improper setup, unauthorized modification, environmental conditions, or tampering, the product will be repaired, if practical, for a reasonable charge and returned to the purchaser.

If damage to the product occurs during shipment by a common carrier or freight service, any claims for that damage must be made by the purchaser directly with the carrier. Endzone Video Systems will not be liable for damages occurring during shipment to or from our customers. Endzone Video Systems shall not be liable for consequential or incidental damages.

If a defect is discovered, notification by telephone or e-mail must be received by Endzone Video Systems prior to returning any product. **DO NOT return goods** until you receive a Return Authorization from a representative of Endzone Video Systems. Upon receipt of authorization, the product must be properly packaged and shipped prepaid to the address below, if return is required.
